

# Secure By Design Cycle Security For Sheds

## The Shed Shackle

Sitemaster have collaborated with the manufacturer of the Shed Shackle to provide a fully approved and certificated cycle security anchor for sheds

- ✓ **The Shed Shackle is the only Police approved Secure by Design shed anchor on the market** – also Sold Secure approved.
- ✓ Secure bikes in a shed without need to fix anchors to the concrete shed base. The use of a conventional paved shed base is therefore possible.
- ✓ Fixes directly to the frame of the shed maximising resistance to attack as well as strengthening the shed side.
- ✓ Easy to install and supplied with all fixings.
- ✓ The use of the Shed Shackle ensures the floor of the shed is kept clear and maximises storage.
